

Join Us at GITEX 2023 to Check Out Manli 40 Series Graphics Cards

September 27, 2023 - Manli Technology Group announce that we will participate in GITEX Global 2023, the largest technology exhibition in the Middle East, which will be held from Oct. 16 to Oct. 20. We will exhibit the powerful 40 series graphics cards, bring unprecedented sensory enjoyment to gamers and creators.

GITEX attracts tech leaders and companies from around the world, gathering expertise across industries and providing a place for exhibitors to display technology and create partnerships. Being a part of this prestigious exhibition is an honor, and we look forward to collaborating with you to shape the future together.

Manli 40 Series Design

Manli 40 series graphics cards leverage the latest NVIDIA DLSS 3.5 technology, which utilizes artificial intelligence to significantly enhance image quality, thereby delivering a substantial enhancement in game visuals. Games like Alan Wake 2, Cyberpunk 2077, and others are all adding support for NVIDIA DLSS 3.5 this fall, offering gamers even more refined gaming visuals.

Additionally, the Gallardo series triple cooler graphics cards feature a unique design with two built-in spirit levels, making installation a breeze, while also ensuring optimal performance and stability.

Exhibition Details:

Date: October 16-20, 2023
